

TRX 5800

THE NEW 50 HP MULTI-PURPOSE REVERSIBLE TRACTOR

YANMAR Tier 3A - 50 hp - 4 Cylinders - 3000 rpm 2190 CC

The TRX 5800 is a 50 hp multi-purpose tractor with a reversible driving position, offering versatility for various tasks, from orchards and vineyards to snow clearing and urban maintenance. Its 16+16 mechanical transmission with synchro shuttle makes it highly maneuverable in confined spaces, with a short wheelbase and tight turning radius. It ensures stability and constant traction on steep gradients. With a lifting capacity of 2.2 tons, it can be equipped with oversized lifting arms for more demanding tasks. Its ergonomic design, advanced instrument cluster, and reversible driving position enhance operator comfort, increasing efficiency while reducing fuel consumption. The TRX 5800 excels in agricultural, civic, and industrial applications.

- Synchronized 32 speed gear box: 16 forward and 16 reverse with synchronized inverter
- Tight turning radius and short wheelbase for maneuverability
- 2.2 tons lifting capacity with optional oversized lifting arms
- Hydraulic system with Load Sensing and rear hydraulic remotes
- PTO 540/540e with electrohydraulic engagement
- 3-point linkage cat.1 with power lift
- Hydraulic rear oil bath disc brakes with independent steering brakes
- Digital dashboard for operational data
- Platform chassis on Silent-block for comfort
- Upgraded hydraulic pump with flow rates up to 43 l/min
- Front and rear towing devices
- Tyres: 31x15.50-15 TERRA

*Min. external width
**Height calculated with the operator of average

TECHNICAL DATA - TRX 5800 •

Description	Value
Engine	YANMAR Direct injection diesel common rail Turbo 4 Cylinders - 16 Valves - 2091 cc Stage 5 - Power 37.9 kW / 51.5 hp - 2600 rpm Max torque 170 Nm at 1690 rpm
Transmission	S90: 32 speed synchronised gearbox: 16 FWD + 16 REV with synchronised shuttle
Chassis	ACTIO™ integral oscillating frame • RGS™ reversible drive system • Steering wheels • Four equal-size driving wheels • Horizontal rear final drives
PTO (shaft)	Rear, independent 540/540E rpm with progressive electro-hydraulic engagement; synchronised groundspeed
Hydraulic system	Load sensing. Rear auxiliary hydraulic system with 1 double-acting remote valve with float and 1 oil return (3 rear hydraulic couplers). Pump capacity 37lt/min
Rear power lift	Oscillating lift arms and lateral stabilizer bars, Cat. 1 - Lifting capacity (Kg): 2190 - Front tow hook; Category "C" heightadjustable rear tow hook
Brakes	Rear service brakes: oil-immersed dual discs with hydraulic control, steering brakes - Combined parking brake: belt brake on the transmission and acting on the brake blocks with integrated mechanical superbrake system.
Weight	With roll bar (Kg): 1800 to 2015 With RedCab (Kg): 1950 to 2165
Standard Equipment	Tyres: 31x15.50-15 TERRA • Hydraulic system consisting of: 2 double acting distributors (one of which with floating position), 1 oil reflow (total 5 quick couplings) • Rear 3 points linkage with adjustable bars and quick couplings • Containment sides for standard seat • Hydraulic pump up to 43,3 liters/min + oil cooler •
Optional Extras	Pneumatic suspension seat • Front Ballast • 3-Point Linkage with RH Vertical Tie-Rod • Hydraulic System with On-Off Joystick • Cabin: Soundproof with Air conditioner and heating system w/ Tyres: 280/70 R18 • Extended warranty •

OPTIONAL FEATURES

PNEUMATIC SUSPENSION SEAT

With height regulation and automatic driver-weight adjustment (from 50 kg to 130 kg)

\$ 400 + GST

FRONT BALLAST

Perfectly integrated into the tractor bodywork, they do not alter the tractor's wheelbase and footprint.

\$ 650 + GST

3-POINT LINKAGE WITH RH VERTICAL TIE-ROD

Ensures secure implement attachment with joystick control and adjustable positioning. Designed to be used in conjunction with the Rear 3-Point Linkage.

\$ 2,550 + GST

HYDRAULIC SYSTEM WITH ON-OFF JOYSTICK

- Hydraulic suspension on the rear power lift
- 1 double-acting distributor
- 1 double-acting distributor with floating position
- 1 hydraulic suspension
- 1 oil reflow

Total of 5 quick couplings for enhanced versatility

\$ 5,550 + GST

EXTENDED WARRANTY

As a proof of its reliability, in addition to its two-year standard warranty, an extension of warranty coverage up to three or four years.

\$ 5,050 + GST

On-Off Joystick

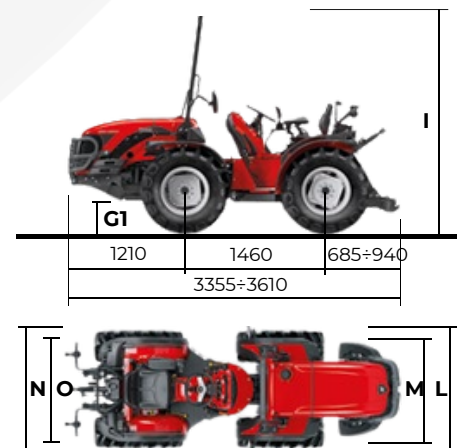

Offers precise proportional control of double-effect hydraulic outlets, lift, and floater, with additional features like continuous delivery activation, hydraulic flow adjustment, PTO on/off, triple position regulation, and Uniflex suspension control.

Provides **on-off control** of double-effect hydraulic outlets, lift, and floater, with dual-speed electric selection, triple position regulation, and Uniflex suspension control.

RedCab

DESIGNED FOR TORA ARTICULATED AND STEERING MODELS, THE REDCAB COMBINES ADVANCED COMFORT WITH OPTIMAL VISIBILITY. ITS COMPACT YET SPACIOUS STRUCTURE ALLOWS SMOOTH OPERATION IN TIGHT SPACES, WHILE THE SOUNDPROOFED AND AIR-CONDITIONED INTERIOR ENSURES A COMFORTABLE WORKING ENVIRONMENT IN ANY CONDITION.

The REDCab is a newly designed, soundproofed, and air-conditioned cabin, offering a high level of comfort and functionality. Designed for both articulated and steering models, its sleek and compact shape allows easy maneuverability between narrow rows, even on slopes. With a 360° view, it enhances visibility of implements and surroundings, especially in reverse drive, making it ideal for precision tasks like pruning and tilling. The improved LED lighting system (available for articulated models) ensures excellent visibility at night or in low-light conditions, maintaining high safety and efficiency standards.

- Soundproofed cab with digital climate control
- 6-pillar design for steering models, 4-pillar for articulated models
- Ergonomic black fabric seat with presence sensor
- Front and rear curved green windscreens with independent washers
- Opening side windows with fastening hooks for ventilation
- Adjustable steering column for personalized comfort
- Integrated storage: bottle holder, document net, and clothes hanger
- Rotating lamp holder
- Tyres: 280/70 R18 - N01004

OPTIONAL FEATURES:

- Radio & Installation \$ 600
- Revers Camera & Installation \$ 900

Price from \$ 12,400 + GST*
