

# TC 5800F

## SPECIALISED VINEYARD TRACTOR

**ROPS - Engine 50hp Yanmar Tier 3A Engine 12+12 SYNCH Gearbox with Reverser**

The modern farmer requires many different, sophisticated needs: that is why the isodiametric, articulated TC Major offers a perfect mix of efficiency, reliability and versatility in a simple, safe and massively productive machine.

The aggressive design, as from the AC top range tractors, is made up on smooth lines and wrap-around fenders and flush sides, features not only aesthetically but also functional to the tractor's agility in every situation.

A very tight steering radius and an extremely comfortable, obstacle-free driving seat are the top features offered by TC Major, along with several options of hydraulic system, lifting system and tyre sets.

- **ACTIOTM Chassis:** Full cast-iron frame with a central articulated joint for up to 15° oscillation, maintaining constant traction
- **Articulated Steering:** Short wheelbase and hydro guide system for precise handling in tight spaces and on slopes
- **12F+12R** synchronised gearbox with reverser
- **Independent dual-clutch** (540/1000 rpm)
- **Hydraulic Power Lift:** Oscillating lift arms with side stabilisers, 3747 lbs capacity
- **Brakes:** Mechanical rear oil-bath disc brakes
- **Steering:** Hydraulic power steering with double-acting pistons
- **Safety:** Front foldable roll bar
- **Comfort & Control:** Analog-digital multifunctional display
